MARCH FUN FACTS

#1 March 8 is **International Women's Day**, which is a day that not only celebrates the achievements of women and the progress made toward women's rights but also brings attention to ongoing struggles for equality around the world.

#2 Coca-Cola was invented by John Pemberton in the March of 1886. It was initially intended to be a patent medicine – heavily advertised, over-the-counter products with dubious medical uses. After Pemberton's product was bought out by a savvy businessman, it grew to become the soft drinks giant it is today. Pemberton made little money from the product, but he invented a drink that became the bane of dentists and planned to sell it as a fraudulent pseudo-medicine, so it's hard to feel too bad for the chap.

Clubhouse Rental

Needing more space to host a party? The Brookside Senior Clubhouse is available to rent one Saturday each Month. See Management for details.
