APRIL FUN FACTS

#1 Did you ever wonder how April Fool's Day started? It is speculated that the custom of April Fools began in France during the 16th century, after the New year calendar was moved from April 1st to January 1st. Those who continued to celebrate the April new year were considered fools, and often the victims of practical jokes. Today we just like to have a little fun with our friends!

#2 April has two birth flowers. Both the daisy and the sweet pea are considered birth flowers for the month of April. The sweet pea signifies blissful pleasure, while daisies represent childhood innocence, loyalty, and purity.
